NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS: Grochem Lime Sulphur fungicide insecticide is readily miscible in water and should be used on the same day as it is mixed. 

MIXING: Before using, shake container contents well. Add the required amount of Grochem Lime Sulphur to the water in the spray tank with stirring or agitation. Agitate while spraying. DO NOT mix Grochem Lime Sulphur with acidic water of pH below 4.

APPLICATION: Spray in the cool of the day. The spray mixture should be used on the same day it is mixed with water. DO NOT apply when freezing weather is predicted or the air temperature is over 32 degrees Celsius.

COMPATIBILITY: Grochem Lime Sulphur may be mixed with winter oil for use on Pome and Stone fruit during the dormant to semi-dormant stages only. 

PROTECTION OF CROPS, NATIVE AND OTHER NON-TARGET PLANTS: DO NOT apply under weather conditions, or from spraying equipment, that may cause spray to drift onto nearby susceptible plant/crops, cropping lands or pastures.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT: DO NOT contaminate streams, rivers or waterways with the chemical or used containers.

STORAGE AND DISPOSAL: KEEP OUT OF REACH OF CHILDREN.

WARNING: Causes skin irritation.

SAFETY DIRECTIONS: Do not handle until all safety precautions have been read and understood.

Wear protective gloves/protective clothing/eye protection/face protection

Specify treatment is advised – see first aid instructions. Take off contaminated clothing and wash before re-use.

FIRST AID: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

SAFETY DATA SHEET: For additional information, refer to SDS available from your supplier.

Additional statements as required by Safe Work Australia in accordance with the Globally Harmonized System of Classification and Labelling (GHS)

CONDITIONS OF SALE: This high quality product is suitable for the purpose advised on the label but as Grochem cannot exercise control over mixing or applications, all conditions and warranties, as to its use for any purpose, are excluded and no responsibility will be accepted by Grochem for any damage or injury whatsoever arising from its storage or application.

DISTRIBUTED BY: Grochem Australia. Suite 1, Level 3, 262 Lorimer St, Port Melbourne, VIC 3207. Telephone: 1800 777 068

NOTES:

DO NOT apply when freezing weather is predicted, or the air temperature is over 32°C.

DO NOT apply within 2 weeks of an oil spray except as indicated under the compatibility heading.

Do not apply during the growing period to Apricots and Peaches or other sulphur sensitive plants. 

FOR DETAILS CONSULT THE LABEL OF WINTER OIL.

Grochem Lime Sulphur has a limited effectiveness on Pome and Stone fruit during the dormant to semi-dormant stages only.

Avoid release to the environment.

Use only outdoors or in a well-ventilated area.

Wash thoroughly after handling.

Read and understood.

SAFETY DIRECTIONS: Avoid release to the environment. Use only outdoors or in a well-ventilated area. Wash thoroughly after handling. Read and understood.
