

MULTIPLE TANK MIX GUIDE

MIXING ORDER BY FORMULATION TYPE

1 Fill the spray tank to at least 60-70% full. Run agitation.

2 Water conditioners

Water acidification products and acidic water solutions (pH below 6.5) should not be used with Bordeaux WG, Coppox WG, Coppox WP, Hydrocop WG, Oxydul DF, Red Copper or Tribasic Liquid.

3 Water-soluble bags

Allow for water-soluble bag to fully dissolve.

4 Wettable Granule (WG) / Dry Flowable (DF)

Don't allow the WG/DF to be absorbed straight into the agitation system, as it will block the filters and will not disperse. Allow for WG/DF to fully disperse.

5 Wettable Powder (WP)

Allow for WP to fully disperse.

6 Suspension Concentrate (SC)

7 Oil-in-water Emulsion (EW) / Emulsion Concentrate (EC)

8 Soluble Liquid (SL)

9 Adjuvants / Surfactants

10 Soluble fertilisers

11 Fill tank

12 Go Spraying

Refer to product label before use. The label guidelines for tank-mixtures are normally based upon testing the two components of the mix. Care should be taken if further products are included in the tank-mixture as this may adversely affect compatibility. Physical compatibility testing will assist the spraying operation, but it does not guarantee the biological compatibility of the mixture. When applying a new mixture, it is best to treat only a small area of the crop in order to study both safety and the effectiveness of the treatment.

MULTIPLE TANK MIX GUIDE

PRODUCT MIX

PRODUCT	ACTIVE INGREDIENT	PRODUCT FORMULATION
FUNGICIDES		
Grochem Bordeaux WG	200g/kg Tri-basic copper sulphate	WG
Grochem Captan 800WG	800g/kg Captan	WG
Coppox WG	500g/kg Copper Oxychloride WG	WG
Coppox WP	500g/kg Copper Oxychloride WP	WP
Crop Doc 600	600g/L Phosphorous (Phosphonic) Acid	SL
Dinon 700 WG	700g/kg Dithianon	WG
Dusting Sulphur	930g/kg Sulphur	P
Fortuna Globe 750WG	750g/kg Mancozeb	WG
Fruitcote WG	700g/kg Metiram	WG
Grochem Dodine	400g/L Dodine	SC
Hydrocop WG	500g/kg Copper Hydroxide	WG
Kingfisher	250g/L Difenconazole	EC
Grochem Lime Sulphur	200g/L Sulphur as Polysulphide Sulphur	SL
Metman 720 WG	640g/kg Mancozeb + 80 g/kg Metalaxyl	WG
Microsul WG Elite	800g/kg Sulphur	WG
Myclonil WG	400g/kg Myclobutanil	WG
Nimbus WG	800g/kg Sulphur	WG
Oxydul DF	500g/kg Copper Oxychloride	DF
Pearl	200g/L Penconazole	EW
Grochem Red Copper	500g/kg Copper cuprous oxide	WG
Stamina	400g/kg Myclobutanil	WP (In Water-soluble bag)
Grochem Thiram 800 WG	800g/kg Thiram	WG
Grochem Tribasic Liquid	190g/L Tri-basic Copper Sulphate	SC
Grochem Ziram WG	760g/kg Ziram	WG
INSECTICIDES		
Peregrine	240 g/L Methoxyfenozide	SC

KEY			
WG	Wettable Granule	SC	Suspension Concentrate
WP	Wettable Powder	EC	Emulsifiable Concentrate
SL	Soluble Liquid	DF	Dry Flowable
P	Powder	EW	Oil-in-water Emulsion
